	to the Tosta plant (Skolni Zavod), near the 'small railway station' in As, was taken over by the PS and converted into barracks.	
6.	The Militia Corps in As has at present some 40 members. They were recently equipped with American short rifles with 15 rounds of ammunition, which replaced the German Mausers and the Soviet carbines which the Militia had used previously. The Militia first carried these new rilles in June when they marched to the local cemetry to attend the unveiling of a memorial to Soviet servicemen.	50X1-HUM
7.	The local branch of the SYZARM (Association for Cooperation of the Civilian Population with the Army) in As got a new commander recently, Josef PROCHAZKA. (See Para 4) All industrial workers of both sexes are obliged to attend military training organized by the SYARM.	50X1-HUM
8.	Many Germans who stayed in As have entered the CP and work as stakhanovists in the Ohara textile plant and other factories. Having joined the Party they have nothing to fear, and their self-confidence is noticeably growing.	50X1-HUM
9.	The food situation in As, as everywhere in Czechoslovakia, is rapidly deteriorating. the gross mismanagement of collective farms is the main cause of the prevailing food scarcity. Agricultural workers and tractor station employees have no interest in their work, other than to make better earnings. They work hastily and carelessly, - and the results are obvious.
